

'Oh, I know one, too!', the professors spouse says, arranging the pens before the professor even has time to show his puzzle. She also puts a coin.

'This is a glass. Now, don't break the glass, but get the coin out. You can move two pens.'

Since the "secretary" is mentioned I had to try this one 😊

← 5 for BONUS

you can remove any <sup>two</sup> of the three inside (4)

d)

Put one pen under the edge of the glass and another to push the coin out!

It might not have interpreted the question correctly (4)
